**JOIN THE NATIONAL MARROW DONOR PROGRAM® FREE OF CHARGE TODAY
A SIMPLE CHEEK SWAB IS ALL IT TAKES REGISTER!**

You may qualify to be a marrow or blood stem cell donor if you:

- Are between the ages of 18 and 60.
- Meet the health guidelines. Have no personal history of asthma, cancer, diabetes, heart or circulatory disease.
- Provide Photo Identification.
- Are willing to donate to anyone who needs a transplant.

Please eat a good meal and drink plenty of fluids before donating blood. All donors must show proof of identification. Please pass this information on to a friend if you have given blood in the last eight weeks (16 weeks for double red cell donations).

Jacob's Story

With one more donation this year, you can help ensure that blood is available for patients like six-year-old Jacob Samaniego. He was recently diagnosed with leukemia and requires blood transfusions as part of his treatment. Jacob is also hoping for a bone marrow transplant. Every day, thousands of patients like Jacob desperately search the National Marrow Donor Program's *Be the Match* Registry for a life-saving marrow match. By taking a simple cheek swab you can register with the NMDP and possibly save a life. The difference in life is you!
